

STL-1325 Prime+ CNC Router Machine Catalogue

Technical Parameter:

Machine parts:	Description
Model	STL-1325 Prime+
Working Size	1300*2500*300mm
Spindle power	HQD Air-cooled spindle 6.0 KW
Body Frame	Best Welded Structure
X, Y, Z Structure	25mm Rail.
Spindle Speed	18000 -24000 RPM
Control system	NC Studio / DSP
Inverter	Fulinn High Quality Inverter 7.5KW

Address: House# 02, Road# 2/3, Block# L, Banani, Dhaka, Bangladesh.

Hotline: +8801730 93 660, +8801822132851, info@safewaytech.com, www.safewaytech.com

Safeway Technologies Ltd.

Technology for moving forward...

X, Y, Z Motor type	All AC Leadshine Servo Motor
X, Y, Z Drivers	All AC Leadshine Servo Driver
Table T-slot	T slot table can fix the materials by Clamps, Alluminum Bar with PVC strip
Lubrication System	Automatic Oil Lubrication System
Tool sensor calibration	Manual Tool Sensor Calibration
Limit switch	Japan OMRON limit Switch
Electronic Components	AC Contactor, Circuit Breaker, Switch Power Supply From Schneider Brand
Towline	Highly flexible towline, fire-resistant double sheathed cable
Software	Wentai carving/ ArtCAM
Machine body	Heavy duty type machine body with strong side plate
Calibrator tool system	Help find working home position.
Dust Collector	2.5kw Double Bag System
Working Voltage	220v/ 3ph/ 50hz.

Thank You!
